sell tickets to passengers who were igno. their State Emigration Commission, were very well pleased to see the care of the immigrants pass into the bands of the Federal authorities. But they did not When Mr. CLEVELAND made the declara. suticipate such a disgraceful scandal as

CONFLICTING STORIES.

The coal conspiracy is under a double fire at the present moment. The suit to test the legality of the railroad combination is on trial before the Chancellor's Court in New Jersey, and the Committee of the State Senate appointed to investiierday at the Murray Hill Hotel in this winth street.

The contrast between the arguments in the court and the testimony in the committee-room is singularly significant. The contention of the counsel of the railroads before the Chancellor has been that the object of the "combine" was Little Defender not to put up the price of coal, but rather formity in the cost of transportation, and that while coal has unquestionably ad-

causes" and not to the combination. On the other hand, Mr. E. P. Holden, Raiph and Ada Jones On the other hand, Mr. E. P. HOLDEN. Alice, Theo ani Martha.

She Handles Lots of Coin.

Miss Calhoun, one of the most expert money handlers in the Treasury Department at Washington, has the remarkable record of counting 85,000 coins in a single day, each coin passing through her hands, and so dellcate has her sense of touch become that should there be a counterfelt coin in the lot she would detect it even when counting at this tremendous rate.

She spreads the colus upon a large glass-top desk and draws them off with the tips of her fingers, one, two, three or tour at a time, as she pleases, for her four fingers are equally educated in the worn. Her eyes have nothing

to do with the detection of talse coins. Her fingers do it all. They have become so very familiar with the exact weight of a true little Queen is allowed to go into the garden, to take with one on a journey. It is made

buds and about a hundred leaves, is of pure An ordinary kerosene lamp turned low is gold. The principal rose on the top of the all times an abomination.

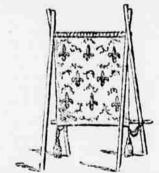

Seamstresses by the Day.

" Why is it," exclaimed a distressed mother the other day, "that there are no more available seamstresses to be had by the day? I can get my dresses made and I can buy many self, but for all that I need many stitches and the additional one to some wor taken that I would so gladly hire if I could

find the woman to take them for me. "It does not need skill that is expensive to obtain-merel; neatness and the experience of any good sewer. I want a wrap relined cut after the old lining, the bottoms of several dress sairts refaced and bound, new sleeves put in another dress, and all sorts of odds and ends done for the children, but there seems nobody to do it. And I find a number of my triends in the same predicament, which suggests a general rather than an individual condition."

Summer Fire-Screen

Quite uncommon is the easel fire-screen, shown in the cut. It is a natty affair, of sufficient size to bile the empty grate, without concealing at the same time the decorative tiles on stove and hearth.

The banner is composed of figured satisf embroidered with flower-de-luce, done with girls especially should not be allowed to wea gold thread. To the glided frame the banner is laced with cord; it is riso attached to the broaden the feet and are apt to give a ver back supports with cords and handsome silk
